CANDIDATE – CDHM – 2018/2019 Election

Kim Boyce

Statement of Intent

The reason why I am standing for election to the Council is because I am interested in gaining a more in-depth understanding of the policies, programs and standards of practice in dental hygiene. I hope that by serving a second term on Council, I can continue to help initiate positive changes in the interest of the overall health of the public and assist in maintaining and/or improving the safety of the public. I also expect to augment my knowledge of the role of policy makers in order to shape and enhance the future of dental hygiene practice in Manitoba.
